Address:

Pump out Contractor:

Pump out Date:

Signed:

(Owner of Property)

By-law 2015-1479 applies to all properties that use a septic tank as part of their on-site waste water treatment system and are adjacent to Lake Nipissing and Callander Bay and its inflowing watercourses within the limits of the Municipality of Callander. The By-law compels the owner of the regulated property to file proof of pump out

- Every three (3) years if the building is used or occupied for more than twelve (12) weeks per year (considered permanent) and
- Every five (5) years if used or occupancy that is less than this period of time (considered seasonal).

Regulated streams include any watercourse which leads into Callander Bay or Lake Nipissing.
